Job Announcement: 06AB6093
OPEN: 5/22/06 CLOSE: Open Until Filled
*****Journey-level Sheet Metal Workers will be hired at \$25.33/hr.**

*Applicants for positions defined as safety sensitive are required to undergo drug testing prior to employment and, subsequent to commencement of employment, will be subject to random, post accident, reasonable suspicion, return to duty, and follow up drug and alcohol testing in compliance with federal DOT alcohol and controlled substances testing program protocols.

WHO MAY APPLY: This recruitment is open to the general public. It will be used to fill current vacancies and establish an eligibility list to fill current and future vacancies that may occur over the next twelve months.

WHERE TO APPLY: Required forms and materials must be sent to: 201 **S. Jackson Street, M.S. KSC-TR-0419, Seattle, WA 98104** or hand-delivered to the **Career and Employment Center** at 201 S. Jackson Street, Floor 1A. Applications materials must be received **by 4:00 p.m. on the closing date**. (Postmarks are **NOT ACCEPTED**.) Contact Adrienne Bunney at (206) 684-1087 or adrienne.bunney@metrokc.gov for further inquiries. **PLEASE NOTE:** Applications not received at the location and by the closing date and time, specified above, will not be processed.

FORMS AND MATERIALS REQUIRED: [A King County safety sensitive application form and data sheet](#), resume and letter of interest detailing your background and describing how you meet or exceed the qualifications are required.

WORK LOCATION/WORK SCHEDULE: Assignment may be to any of the Vehicle Maintenance base locations. Positions in this classification work 40 hours per week and are overtime eligible. Shift work; hours may vary.

PRIMARY JOB DUTIES INCLUDE: This position performs body repair and structural maintenance work on transit coaches and equipment, such as buses, trolleys, transit vans, trucks, cars, cleaners, forklifts, streetcars, line hoisters, and ventilation systems. Duties include:

- Perform sheet metal body repairs on vehicles involving sheet metal layout, template making and fabricating, and repairing metal and fiberglass body sections.
- Cut, form, weld, rivet, and braze metals in repairing and fabricating body and equipment sections working from blueprints, sketches, and instructions.
- Repair and replace various vehicle parts of non-metal materials including glass, cloth, wood, plastic, rubber, and fiberglass.
- Make minor repairs to electrical wiring when removing or replacing marker lights, head lights, tail lights, and interior lights.
- Repair body sections and parts of damaged transit coaches involving sheet metal and other related structural work and perform priming of same to prevent contamination/corrosion.

KING COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. JOB ANNOUNCEMENTS ARE AVAILABLE IN ALTERNATIVE FORMATS FOR PERSONS WITH DISABILITIES.

- Perform sheet metal repair work on equipment and facilities such as cyclone cleaners, ventilation systems, garage doors, passenger shelters and other immobile objects.
- Set up and operate metal, glass, and wood working equipment such as shears, brakes, rollers, grinders, saws, jacks, punches, folders, drills, sanders, gas and electric welders and frame straightening equipment. Assist other repair units in performing repair and mechanical work.
- Input and extract data using a computer terminal. Perform other related duties as assigned.

QUALIFICATIONS: This position requires journey-level knowledge of sheet metal repairs and structural maintenance work and knowledge of all related specialized equipment. A valid Washington State driver's license, acceptable driving record, and the ability to obtain a commercial driver's license are required. In addition, applicants must meet one of the following qualifications:

- Two years of automotive body repair experience **OR**
- A combination of a two-year community college program and two years of experience **OR**
- Completion of a four year apprenticeship program **OR**
- Any equivalent combination of education and experience, that provides the applicant with the necessary skills to perform the work of the position.

DESIRABLE QUALIFICATIONS: The most competitive candidates will be those applicants with documented experience in the repair of heavy equipment such as passenger coaches or other similar vehicles. Knowledge of sheet metal fabrication, layout, and bench work is also desired.

PHYSICAL REQUIREMENTS: The job requires considerable physical skill and sustained periods of physical effort. Frequent lifting or carrying of welding and cutting tools weighing up to 50 pounds is required. Lifting and carrying, with assistance, metal, wood, equipment and other objects weighing up to 100 pound is also required.

SELECTION PROCESS Applications will be screened to determine whether candidates meet minimum qualifications. Candidates presenting evidence that they meet or exceed the qualifications noted above may be invited to participate in skills test and panel interview. Those who interview successfully will be processed for immediate hire or placed on an eligibility list for placement into vacancies as they occur. Employment offers will be finalized **only** after candidates have successfully completed physical examinations, drug screens and a drug and alcohol background check. Reference checks and reviews of driving records will also be conducted prior to any final offer of employment.

UNION MEMBERSHIP: Positions in this classification will be represented by Local 587 of the Amalgamated Transit Union.

Class Code: 752170
